Dear

Good Day to you.

The Indian sesame seed markets are having good arrivals of the new summer crop and we are seeing demand for hulled sesame seed from several destinations in the Far East to prepare for the Autumn Festival which takes place later this year. Considering that the sesame seed market has seen a constant decline for the last 2 years now, it leads us to believe that the bottom is near and down side risks are limited.

We are pleased to offer Indian Hulled Sesame Seed, Min. 99.98% purity, packed in 25 / 50 kgs new pp bags for July and / or August shipment at USD. 1390.00 pmt cfr Manila.

Kindly revert your firm interest.

Regards – Sanjiv Sawla
